

## 2023 ENYDCTA Election – Rita Moore

Rita currently holds the position of Recording Secretary. The recording secretary is responsible for providing accurate minutes of the monthly ENYDCTA Board meetings in a timely manner prior to the following meeting. Once approved, the minutes are posted on the website:

<https://www.enydcta.com/page-18161> and available to members and the general public. She has enjoyed her volunteer work with ENYDCTA, getting to know how the organization functions and would recommend anyone interested in volunteering and/or serving in some capacity to contact the Board at [enydctaboard@gmail.com](mailto:enydctaboard@gmail.com)

Rita retired from Schenectady City School District (SCSD) as a library teacher and continued her library career with the Schenectady Public Library. She also was an active member of the Friends of the Library and served on their board. During her years with SCSD, she had an extensive and broad range of experiences. She taught at every level; was a computer turnkey teacher (trained to teach other teachers about computers and programs when they were introduced into the district); staff development teacher during a reorganization program; NASA Explorer School team leader; and earned the status of National Board Certified Teacher issued by the National Board for Professional Teaching Standards.

Rita believes that when one door closes, others open with new choices, and decisively chose to walk through the door that lead to the dressage world and ENYDCTA. She looks forward to the opportunity of continuing in the position of Recording Secretary and providing further service to this organization.
